

**SHELL SCHEME BOOTH
PORTFOLIO**

EACTS 2019

Fildesign belonging to AIP –(Portuguese Industrial Association) Group was created with the goal of guaranteeing ever increasing specialized and professional solutions with a full range of conception and construction services of booths and global projects.

Located on the premises of FIL (International Fair of Lisbon) at Parque das Nações in Lisbon, Fildesign boasts an experienced team of highly motivated and skilled craftsmen stemming from a legacy acquired over 50 years of experience in diverse services for events.

We feature on the premises graphic design , electricity, welding, assembly (shell schemes) , carpentry and painting workshops. We also have our own means of transporting material.

Our diversified array of services is rendered both nationally as well as abroad namely in countries such as Angola, Mozambique, Morocco, Cape Verde and France.

It is all our skills and expertise in the continuous search for the best technical and design solutions that we place at our clients' disposal.

We also work on custom – designed projects tailored to the needs of the client.

We project what the client envisions or envision what the client wishes and /or needs.; then we build it.

Organizing an event? Do not hesitate to contact us.
