

# HEALTH & SAFETY GUIDELINES.

Prevention and safety measures at the Barcelona International Convention Centre (CCIB) for holding events

# Experience in hosting safe events

## Recognition

The CCIB has received the international seal “Safe Travels” from the World Travel & Tourism Council (WTTC) for its protocol against Covid-19 and as a member of the Barcelona Biosphere Commitment to Sustainable Tourism.

The badge is endorsed by the World Health Organization (WHO) guidelines.

## Personal shielding

Use of mask for employees and suppliers during the event. Use of mask for organizers and attendees.

Adapted equipment (hydroalcoholic gel, mask) for all employees and suppliers. Hand sanitizer gel dispensers in all accesses and strategic locations.

Automatic capacity control.

Increasing health personnel and isolation zone for delegates with symptoms compatible with COVID-19 until the arrival of health services.

## ← Venue hygiene

Complete cleaning and disinfection before the reopening of the venue.

New plans for cleaning and disinfecting contact areas: registration desks, bathrooms, elevators, escalators, door handles, switches, furniture for common use...

Increased cleaning and disinfection in conference rooms: furniture, audiovisual equipment and IT.

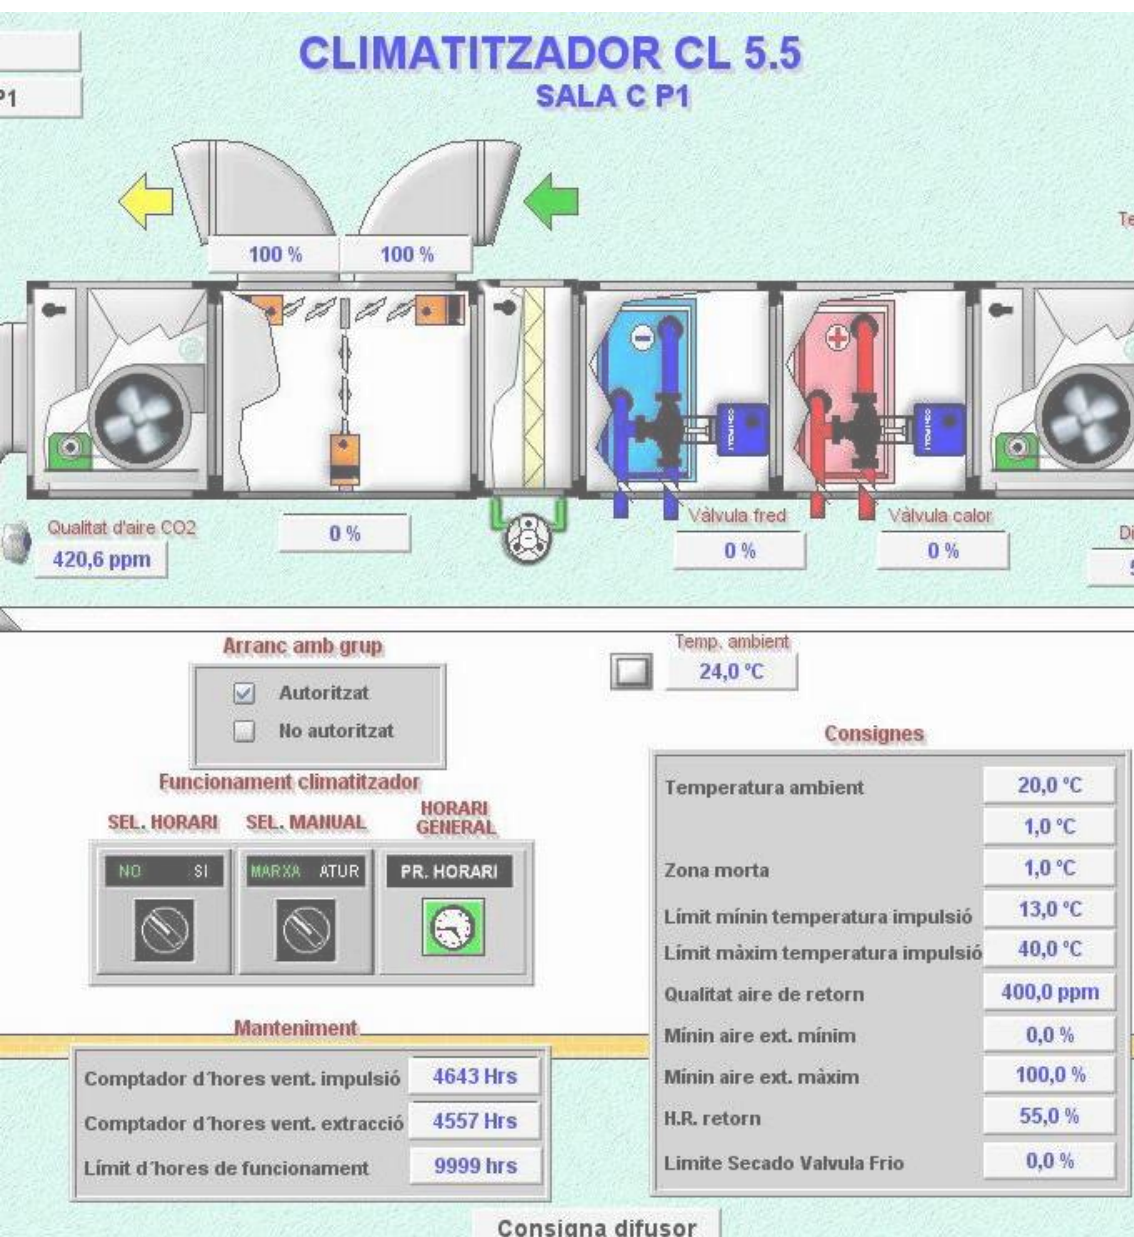

Air renewal monitoring in each of the event spaces.

Doors opened permanently in all possible cases.

Special waste treatment (masks and gloves).

## Physical distance and accesses

Encouraging 1.5 meter social distancing.

Reorganization of all the spaces, room capacities and the auditorium; with maximum capacity in each space, according to current regulations.

Maximum reduction of public contact points, particularly in the reception, delivery and waiting areas, security control...

Systems for measuring and monitoring people flow.

## Signage and communication

### RECOMENDACIONES DE HIGIENE HYGIENE RECOMMENDATIONS

Lávase las manos con frecuencia con agua y jabón, especialmente antes y después de las comidas.  
Wash your hands frequently by using soap and water, especially before and after eating.

Dispone de desinfectante para manos en diferentes zonas del edificio.  
Hand sanitizers are widely available throughout the building.

Hand sanitizers are widely available throughout the building

Evite tocarse repetidamente la boca, la nariz y los ojos con las manos.  
Avoid touching your mouth, nose and eyes repeatedly with your hands.

Cuando tosa o estornude, cúbrase la boca y la nariz con el codo o con un pañuelo de papel. Tire el pañuelo y lávese las manos.  
When coughing or sneezing, cover your mouth and nose with your elbow or a tissue. Throw the tissue away and wash your hands.

Evite el contacto con personas que muestren signos de afección respiratoria, como tos o estornudos.  
Avoid close contact with people showing signs of respiratory condition, such as coughing or sneezing.

Si no se siente bien, busque asistencia médica en la enfermería del recinto.  
If you are not feeling well, seek medical assistance at the venues' first aid facilities.

Para asistencia médica, contacte con la enfermería del CCIB:  
For medical assistance, contact the CCIB First Aid Service:

Visible signage on safety and hygiene measures in bathrooms, registration desks, accesses, restoration...

One-way walking routes with directional signage and adapted ground marks.

EVERYONE CAN HELP  
STOP THE EPIDEMIC

RESPECT  
SOCIAL  
DISTANCING

DISTANCE OF  
1.5 METERS
