Booth Construction and Arrangement

The Exhibitor shall submit plans of his booth(s) to the Organisers no later than 13 August 2021 for approval by the venue. No display, booth fitting, or exhibit shall exceed the height specified in the Exhibitor's Manual, without the prior consent of the Organisers.

The contractors appointed by the Organisers are the only persons authorised to carry out movement of, and fixtures to, the shell scheme hired from the Organisers and to carry out any electrical installations and connections.

No exhibit shall exceed a floor loading of 500 kg per square metre without the prior written consent of the Organisers.

All structures and materials, including signs, shall conform to the requirements of the Organisers as laid down by the regulations of the venue and of the event. Carpet flooring installed by the Exhibitor must be laid directly on the floor and securely taped at the edges.

No storage for packing cases or packing materials is provided within the Exhibition Hall. All such cases and materials must be removed from the premises before the Exhibition opens and not brought back before the official closing time.

The Organisers and the venue reserve the right to examine and exclude any exhibit. No Exhibitor will be permitted to install display materials or exhibits which contravene safety or security regulations as laid down by the Organisers. Gangways must be kept clear and free for passage and must not be littered or obstructed.

Further rules regarding booth construction and arrangement are set out in the Exhibitor's Manual. The main objectives of the rules are to create a comfortable and open exhibition space for delegates and exhibitors alike, aiming to maintain the view through the Exhibition as free as possible, not overshadowing or obscuring the view of neighbouring booths and keeping open sided booths as accessible to exhibition traffic as possible. All exhibitors must adhere strictly to the rules.

Obstructions

No Exhibitor will be permitted to install his display or exhibits in such a manner as, in the opinion of the Organisers, obstructs the light or impedes the view along the open spaces or gangways of the Exhibition Hall. No exhibitor shall erect perimeter walling, screens or other structures that impede/obstruct the view to neighbouring booths. Perimeter walling must not extend beyond 20% of the total length of any side of the booth. Screens and/or monitors must not exceed the maximum size of 48 inches and must be sited a minimum of 1 metre from the aisles or gangways of the Exhibition Hall. The content shown must be relevant to the theme of the event, of educational value or be relative to science and medicine. Open sides must remain at least 80% unconstructed. This rule does not apply to fixtures such as reception desks, posters, etc. but to solid walls that restrict the view through the stand and block access to the delegates. Exhibitors should be aware that construction of stands at certain venues may be affected by the positioning of service outlets or pillars. In the event that a service outlet has to be shared by a neighbouring stand, Exhibitors are advised to build raised floors. Exhibitors will be advised of such a situation prior to entering a contract. There is no discount offered in such instances.

Noisy Exhibits

Electrical, mechanical apparatus, video or musical/voice sound must be inaudible to neighbouring booths. Objectionable audible or visual attention-seeking devices or effects and offensive odours from exhibits are strictly prohibited.

Dangerous Exhibits and Substances

No exhibit, working demonstration, or special display, such as lasers, which involve substances of a dangerous, explosive or objectionable nature may be brought onto the premises without prior written consent. The Exhibitor, if granted permission, must indemnify the Organisers against any claims, costs or liabilities arising from the use of such materials and must comply with all local laws, ordinances and regulations concerning the handling and disposal of such materials and bear all costs incurred in the removal and disposal of such materials. Written consent will not be granted unless the Organisers are provided with copies of an insurance policy which provides adequate cover for any claims which may be made by the Organisers under the indemnity in this clause. Oily or dirty exhibits are not permitted unless specifically cleared with the Organisers prior to the Exhibition opening.

Conduct of Exhibitors

Upon being required to do so by the Organisers, the Exhibitor shall cease to employ at the Exhibition any servant or agent of the Exhibitor who shall be guilty of any conduct, which in the opinion of the Organisers, is prejudicial to the proper management of the Exhibition.

Canvassing

No Exhibitor shall place signs or distribute promotional material in any area not designated for such purposes by the Organisers. Any such materials placed in non-designated areas shall be removed. No Exhibitor may conduct surveys or distribute print items, promotional samples or other materials in the exhibit hall unless it is within the parameters of his own booth space.

Trade Union Labour

It is recommended that all Exhibitors, contractors and sub-contractors within the halls conduct their industrial relations in accordance with good practice and observe Codes of Practice issued from time to time by the relevant authorities. Any person carrying out work contrary to the requirements of the venue and the local regulatory authorities, and of any other competent authority, will be required to stop immediately and may be directed to leave the Exhibition Hall.

Freight and Transport

Freight forwarding transportation and handling will be available through the official agent. Exhibits must be addressed to the appropriate booth of the exhibiting company at the Exhibition Hall. Exhibits must not be delivered to the venue before the time and date specified in the Exhibitor's Manual. Full details of the requirements for customs clearance and bonding formalities are available from the official agent.

Electrical Requirements

The Organisers have no responsibility for providing electrical, lighting or power services or for any failure to provide these. Orders for these services must be placed by the Exhibitor with the venue which is responsible for their delivery and installation. A schedule of these services, together with relevant charges, will be included in the Exhibitor's Manual. An Exhibitor may provide his own electrical fittings, where such fittings are in the form of made-up units, (including showcases and signs), complete and ready for connection to mains supply. All electrical installations must comply with the relevant regulations and are subject to inspection and test.

Booth Cleaning

Booth cleaning is not included in the charge for booth space, but the Exhibitor is responsible to the Organisers for seeing that his booth is maintained in a clean and orderly state. Should goods be left, they will be disposed of or stored by the Organisers who will have the right to charge for such storage.

Fire Precautions

The Exhibitor must comply with any instructions given by the venue and the Organisers to avoid the risk of fire. All materials in constructional work and displays must be effectively fire-proofed to comply with Italian ratings. Italian law regarding fire safety is the only one applicable.

Damage to Exhibition Buildings, Fixtures and Fittings and Shell Scheme

No painting is to be carried out in the Exhibition Halls. The fixing of display material(s) to the shell scheme will be permitted only by methods laid down by the Organisers. No nails, screws, or other fixtures may be driven into any part of the Exhibition building, including floors; nor may any part of the Exhibition Building be damaged or disfigured in any way. Should any damage occur, the Exhibitor shall be liable for reparation charges incurred.

Security

The Organisers will provide a site security service during the period the Exhibitor is permitted access to the Exhibition site but shall be under no liability for theft of or loss or damage to any property, equipment or materials brought onto the Exhibition site. For the purposes of security, Exhibitor lapel badges will be supplied. Badges must be worn at all times by exhibiting personnel whilst within the venue.

Sub-Letting

Sub-letting or licensing the use of booth space is not permitted, neither may the products or services of firms not exhibiting in their own rights be promoted or displayed as exhibits, except where the Exhibitor is the SOLE selling agent for such products or firms, or express written permission has been obtained from the Organisers.

Public Liability

The Organisers shall not be liable for any claims arising from death or bodily injury or damage to property arising in connection with the erection and dismantling of the Exhibitor's booth and anything permitted, omitted or done thereon or therefrom during the period of the Exhibition or the construction and dismantling periods caused directly or indirectly by the Exhibitor or any contractor, sub-contractor, servant, agent, licensee or invitee of his or the act, omission or neglect of any such person or by any exhibit, machinery, or other article of the Exhibitor or in the possession of or use of the Exhibitor or any servant or agent of his. The Exhibitor will indemnify the Organisers in respect of each and every such claim and all actions, proceedings, costs, claims and demands in respect thereof. The Exhibitor shall effect adequate insurance in respect of all such claims, and the liability therefore assumed by the Exhibitor. Nothing in these Terms and Conditions shall exclude the Organisers' liability for death or personal injury caused by the negligence of the Organisers, its employees, sub-contractors or agents.

Agreement

The undersigned is authorised to enter into agreements on behalf of the Exhibitor. The undersigned declares that this Exhibition Booth Application Form, together with the Terms and Conditions, as well as any other documents but not limited to the Exhibition Manual, are an integral part of the agreement and contractual relationship between EACTS Trading Company Ltd and the above mentioned Exhibitor. Furthermore the undersigned declares that he agrees to the content of the relevant documents and agrees to observe and be bound by them.
