EACTS TRADE EXHIBITION/EXHIBITOR INFORMATION

The EACTS trade exhibition is an important and most time-efficient way to keep up to date with new-to-market technology, state-of-the-art products, innovations, and developments in the cardiothoracic market. For exhibiting companies, an exhibition booth enables them to meet the people that matter to their business in one place, demonstrate new products and attract interest from new prospects and existing customers.

Our trade show attracts qualified visitors and the majority often have to buy responsibility. Exhibitors and visitors enjoy face-to-face meetings and the buzz about new products.
For the 2022 EACTS Annual Meeting, we had 3550 registered physicians from 99 countries.

The Top 5 Countries with the Most Attendees at EACTS 2022:

1. Italy
2. Germany
3. United Kingdom
4. United States
5. Netherlands
Exhibitors have the option to exhibit within the normal exhibition area or in the Learning labs area. The Learning labs area is specifically set aside for Industry to organise their own ‘Hands-on’ workshops, including wet and dry labs and any other small practice sessions. These sessions do not form part of the official scientific programme of the Annual Meeting. Sessions are scheduled at pre-defined times, offered to delegates on an invitation-only basis, and restricted to a maximum of 10-15 people per session.

Approximately 70 companies exhibited over 2000 sqm (exhibition area and learning labs combined) at the 36th EACTS Annual Meeting in 2022, representing many industries associated with cardiothoracic surgery.

The Trade Exhibition is centrally located in the Austria Center Vienna –level 0 in close vicinity of the luncheon and F&B area and the session rooms. The Exhibitors can be assured of excellent facilities.

Please have a look at the official website for more information on the venue for this year’s event: HTTPS://WWW.ACV.AT/EN/ We will be using exhibition halls X1 and X2.
