## Badges

Each in-person registered participant will receive a name badge upon arrival. For organisational and security reasons, we request that all participants and industry partners wear their badges at all times during the Annual Meeting activities. Re-print due to loss of badges or due to misspelled names can be done at the registration desk at a cost of EUR 100 per badge (inclusive Danish VAT).

## Facial Recognition Registration

To provide a touch free, check-in in Copenhagen we are implementing the Facial Recognition registration. You will be sent a link before the event where you can upload your photograph and on arrival at the centre your badge will print automatically from our registration kiosks. It is not compulsory for you to register via Facial Recognition, but it is safer and will save you valuable time onsite.

*Privacy & Security information regarding Facial Recognition:*

- *The software scans the photo to create a “**Facial Geometry**,” which is a unique collection of measurements of the face in the photo.*
- *Once the Facial Geometry for the event has been created, the software discards the original photo (the software does not store the original photos; it stores only the Facial Geometry)*
- *All Facial Geometries are deleted within one week of the event*
- *Facial Geometries created for one event are not used for other events*
